Features

LYCRA® Sport

As a 'second skin' products with LYCRA® SPORT support the performance of ambitious athletes. With their performance-enhancing compression effect, they meet the highest demands on freedom to move, fit, shape retention. Therefore, they are ideal for all sports.

Reflex

IQseen is the brand for high reflective materials. With an even distribution around the body this material will make the wearer visible of a distance up to 160 meters. IQseen silver reflective materials fulfill the requirements of the EN 471. Millions of glass beads reflect the light back to its source. The wearer of the product becomes more visible and the motorist has more time to react. This makes the difference! Clearly visible!
